Requirements for Third Party Liability -Identifying Liable Resources

Any individual, entity or program that is or may be liable to pay all or part of the expenditures for Medical Assistance is first identified during the initial application or redetermination process. At that point, the following information is obtained from the applicant or recipient and incorporated into the eligibility file within sixty (60) days:

- (1) Name of policy holder
- (2) Relationship to the applicant
- (3) Social Security Number
- (4) Name and Address of Insurance Company

A cooperative agreement is in place with the Title IV D agency - Child Support Enforcement Unit, to provide the Bureau with the names and Social Security numbers (SSNs) of absent parents of Medicaid recipients. If third party liability is uncovered through follow-up on these leads, it is incorporated into the eligibility file.

A match is performed with the Virgin Islands' Department of Labor for unemployment compensation, worker's compensation and wage information.
